

Tobey

Thirdtype

Tobey came to Vilma Briggs as a four year old "Special Needs" bernese looking to find a new and loving home. He was fostered by Vilma in Mt Gilead, Ohio for about 4 months. Tobey is a purebred BMD. Vilma found him to be a little timid w/ new people and places. He was very affectionate and wanted nothing more than to be by his master's side. He was housetrained and non-destructive. Tobey was reliable on off leash recall and knew commands like sit-stay and down-stay. He was great with other dogs and with cats. He was 26" tall and weighed about 93 lbs when in foster care. Tobey had been surrendered by his owner because of a history of biting humans in certain settings. Because of his history, families were carefully screened and he did find the "perfect home" that had the ability to follow through with managing his behavior issues. Tobey was placed in his forever home by Thirdtype Rescue.
