

# TUG

## NCBMDCO

Tug was rescued and re-homed by North Coast BMD Club of Ohio at two years of age. He was fostered by Vilma Briggs in Mt Gilead, Ohio. Tug was housetrained and had basic obedience, walking nicely on a lead. He was about 25 inches tall and weighed 85 lbs. When at Vilma's he learned how to play with toys and other dogs. He was a gentle soul though somewhat timid of sudden or loud noises like fireworks or storms. Tug was a friendly, sweet boy though could be a little "macho" with other males. Applications for adoption were submitted to and screened by Sherry Gideon. He was placed with a good family that met NCBMDCO requirements.
